

WIN **Flat**plus

Premium weaning microdiet for flatfish

WIN Flat^{plus}

Balanced nutritional composition

Enhanced growth performance

Reduced size dispersion

Improved stress/disease resistance

Low impact on water quality

Produced by cold-extrusion and microencapsulation to preserve heat-sensitive nutrients and guarantee maximum stability in water

Knowledge-based diet developed in a 3-year research project, in collaboration with CCMAR (Portugal)

SENEGALESE SOLE

OLIVE FLOUNDER

Proteins

- High digestible protein content
- Squid and shrimp meals for high palatability

Lipids

- High levels of marine phospholipids
- Optimal levels of ARA:EPA:DHA
