

# WIN Cod

## Premium weaning microdiet for Atlantic cod larvae

### Product Features:

- Tailored formulation designed specifically for Atlantic cod larvae
- Nutritionally balanced to support larvae growth performance and physiological resilience
- Premium, highly digestible ingredients selected for excellent palatability and nutrient availability
- Nutrient matrix designed to align with normal organ and skeletal development during early ontogeny
- Manufactured using cold extrusion and microencapsulation technologies to preserve sensitive nutrients and ensure high water stability

**Product description:** a complete feed for Atlantic cod larvae

**Composition<sup>1</sup>:** Squid meal, marine zooplankton meal, fish protein hydrolyzed, vital wheat gluten, crude lecithins and algal oil (*Schizochytrium* sp.).

Analytical constituents (typical) <sup>1</sup>	WINCod			
	150	300	500	700
Crude protein, %	65	65	65	65
Crude fat, %	13	13	13	13
Crude fiber, %	2.3	2.3	2.3	2.3
Crude ash, %	10	10	10	10
Total phosphorus, %	2.0	2.0	2.0	2.0
Calcium, %	0.8	0.8	0.8	0.8
Sodium, %	1.2	1.2	1.2	1.2

<sup>1</sup> The list of ingredients and analytical constituents are indicative. For exact information please refer to label. While every effort is made to ensure maximum constancy, the information provided in this sheet is only a guideline and SPAROS reserves the right to modify it without prior notice.

**Pellet sizes:** WINCod 150 (100-200 µm) / WINCod 300 (200-400 µm) / WINCod 500 (400-600 µm) / WINCod 700 (600-800 µm)

**Usage:** To be fed continuously, and close to *ad libitum*.

**Storage & Shelf life:** store in a cool and dry place. Unopened, the product can be kept for nine months after manufacture date. Once opened, the product should always be kept refrigerated and used within one month. For details on exact consumption date please refer to label.

Feed safety parameters	WINCod
Escherichia coli, CFU/g	< 1 x 10 <sup>1</sup>
Coagulase-positive Staphylococcus, CFU/g	< 1 x 10 <sup>1</sup>
Enterobacteriaceae, CFU/g	< 3 x 10 <sup>2</sup>
Molds, CFU/g	< 1 x 10 <sup>3</sup>
Yeasts, CFU/g	< 1 x 10 <sup>3</sup>
Salmonella (in 25 g)	Absent
Compliance with the European Directive 2002/32/EC on undesirable substances in animal feed and subsequent amendments
